Yogesh Gaikwad

77159 85159 | yogesh.gaikwad016@gmail.com | Pune, India

Career Objective

To build a long term tech career in Banking and Finance sector.
To contribute my skills for the success and growth of an organization and individual.

Project Working On

Currently working on Online quiz portal project since Sep-22. This is web-based single page application designed to provide a secure environment for students to take online quiz. Student can access multiple quiz on selected topic.
This project is build on Spring Framework, Spring Boot, Angular, HTML, Angular Material and PostgreSQL.

Job Profile

Atidiv is a 3rd party resource for US base company Yelp.
Yelp is a popular online directory for discovering local businesses. It's a social site for everything local.
It makes money by selling ads to local businesses. It uses automated software to recommend the most helpful and reliable reviews for its community among the millions we get.
